

Vindpilar

Strekane på vindpilane viser kor sterk vinden er:

Halvstrek: 2 meter i sekundet					
Helstrek: 5 meter i sekundet					
Trekant: 25 meter i sekundet					

Når fleire strekar står ved sidan av kvarandre, må du summere saman styrken:

-  Viser 10 meter i sekundet
-  Viser 17 meter i sekundet
-  Viser 40 meter i sekundet
-  Viser 55 meter i sekundet (!)
